The Origin And Growth Of Islam On The African Continent
Sep 21, 2017 · African Muslims mainly subscribe to the Sunni denomination, but there are populations of Ibadi observers and Shias. Most African Muslims adhere to the Maliki Madh'hab but the Shafi'I madhhab enjoys dominance in the Swahili Coast, Horn of Africa, and eastern Egypt, while the Hanafi fiqh is observed in western Egypt.

Igbo people - Wikipedia
The Igbo people (English: /ˈɪbəʊ/ EE-boh, also US: /ˈɪɡboʊ/; also spelled Ibo and formerly also Iboe, Ebo, Eboe, Eboans, Heebo; natively Ṇdị Ịgbọ) are an ethnic group in Nigeria. They are majorly found in Abia, Anambra, Ebonyi, Enugu, and Imo States. A sizable Igbo population is also found in Delta and Rivers States. Large ethnic Igbo populations are found in

Origin of Death - Wikipedia
The origin of death is a theme in the myths of many cultures. Death is a universal feature of human life, so stories about its origin appear to be universal in human cultures. As such it is a form of cosmological myth (a type of myth that explains the origins of a culture and the problems that faces it). No one type of these myths is universal, but each region has its own ...

History of African Philosophy - Internet Encyclopedia of
In Onyewuenyi’s The African Origin of Greek Philosophy however, an ambitious attempt emerges to fill this lacuna in the argument of new philosophy of African redemption. In the first part of chapter two, he reduced the Greek philosophy to Egyptian philosophy, and in the second part, he attempted to further reduce the Egyptians of the time to

**A Brief History Of Chinese Civilization - WorldAtlas**

Apr 25, 2017 · The origin of Chinese Civilization is dated back to the Paleolithic Age when Homo Erectus lived in the area more than a million years ago. One archaeological site at Shanxi Province is dated back to some 1.27 million years. The early Chinese Civilization included the Xia Dynasty which remained from around 2100 BC until 1600 BC, and is

**Destruction of Black Civilization: Great Issues of a Race**

The Destruction of Black Civilization took Chancellor Williams sixteen years of research and field study to compile. The book, which was to serve as a reinterpretation of the history of the African race, was intended to be "a general rebellion against the subtle message from even the most 'liberal' white authors (and their Negro disciples): 'You belong to a race of nobodies.

**Advocating an African Science at the End of the Century**
Even though ancient Kush rivaled and, at times, conquered Egypt, there’s been a relative lack of modern attention paid to this civilization.

**What an Archaeological Site Along the Nile Reveals About Nubian Civilization**
A new book explores the first campaign to decolonize Europe’s museums—and exposes the conspiracy that smothered it.

**The Forgotten Movement to Reclaim Africa’s Stolen Art**
Discussions about ancient history in Africa are dominated by the rise of Egypt. But there were several societies that rose to great power in the Nile River Valley since the middle
Discussions about ancient history in Africa are dominated by the rise of Egypt. But there were several societies that rose to great power in the Nile River Valley since the middle of the first millennium BC.

The tourist guide with a specialization in African civilization is at the historical more than $500 a month by recounting the painful history of their ancestors. "The city of Ouidah, in the Kingdom of Dahomey, played a crucial role in the transatlantic slave trade."

Primed by lectures describing the African origins of Egyptian civilization, Bouabré noticed that the curiously geometrical stones resembled hieroglyphics. Surmising that he had discovered the origins of the ancient Egyptian civilization in Africa, he embarked on a quest for further evidence.

Circular mounds of rocks dot the desert landscape at the archaeological site of Tombos in northern Sudan. They reveal tumuli – the underground burial tombs used at least as far back as 2500 B.C. by the Kingdom of Kush.

The Kingdom of Kush was located in Nubia in northern Africa, a region considered to have been one of the cradles of civilization. The empire, whose origin predates that of virtually all the longest-lived empires in history, was established by a succession of kings who unified the region and extended their influence.

"The Nubian Kingdoms were known for their military strength and their ability to maintain a long-lasting empire. They were also renowned for their religious practices and their contributions to art and architecture."

In a chapter addressing "Colonialism, the Theft of History and the Quest for Justice and reallocating great accomplishments from African civilizations in particular. It's an extension of pseudoarchaeology and the racism behind ancient aliens."

NARRATOR: What you did not want for your civilization was found have moved and mated throughout our history, does. Our human lineage originated in Africa. About two million years ago, the species Homo sapiens evolved from the species Homo erectus. Homo sapiens originated in Africa and then migrated to other parts of the world.
