Notes. 1. Ratified in 1992. 2. Highest rate of women in the Supreme Court in the history. 3. Including the work undertaken by the Office of Women’s Health conducting gender mainstreamed research, the Family Violence Prevention and Services Division and the Office of Minority Health within the Department of Health and Human Services

Why unions are good for workers—especially in a crisis
Aug 25, 2020 · What this report finds: The COVID-19 pandemic has underscored both the importance of unions in giving workers a collective voice in the workplace and the urgent need to reform U.S. labor laws to arrest the erosion of those rights. During the crisis, unionized workers have been able to secure enhanced safety measures, additional premium pay, paid sick time,

Women in Japan - Wikipedia
The extent to which women could participate in Japanese society has varied over time and social classes. In the 8th century, Japan had an empress, and in the 12th century during the Heian period, women in Japan could inherit property in their own names and manage it by themselves: "Women could own property, be educated, and were allowed, if discrete (sic), to take lovers."

Violence against women - Wikipedia
In addition, the term gender-based violence refers to "any acts or threats of acts intended to hurt or make women suffer physically, sexually or psychologically, and which affect women because they are women or affect women disproportionately". Gender-based violence is often used interchangeably with violence against women, and some articles on
