Pacific Northwest - Wikipedia
The Pacific Northwest (PNW) is a geographic region in western North America bounded by its coastal waters of the Pacific Ocean to the west and, loosely, by the Rocky Mountains to the east. Though no official boundary exists, the most common conceptions include the U.S. states of Oregon, Washington, and Idaho and the Canadian province of British Columbia.

Oceania - Wikipedia
Oceania (UK: /ˈoʊniə, əˈniə/; US: /ˌoʊˈniːə, oʊˈniːə/; Latin: Oceanus) is a geographic region that includes Australia, Melanesia, Micronesia and Polynesia. Spanning the Eastern and Western Hemispheres, Oceania has a land area of 8,525,889 square kilometres (3,291,903 sq mi) and a population of over 41 million. When compared with the continents, it is the smallest continent by area and is, along with Antarctica, the most sparsely populated.

Oceania - Travel guide at Wikivoyage
Oceania is sometimes described as a continent; however, it is a vast region where the waters of the Pacific Ocean—rather than land borders—separate nations. The countless small islands are known for their white sand, sizzling palm trees, astounding coral reefs, and rugged volcanoes. Oceania also contains the deserts of Australia and the highland rainforests of New Guinea.

A Brief History of Canada - Local Histories
Mar 14, 2021 · Meanwhile, exploration continued. George Vancouver (1757-1798) sailed along the west coast of Canada in 1791-94. Vancouver Island is named after him. Alexander Mackenzie (1764-1820) traveled from Great Slave Lake along the Mackenzie River and reached the Arctic Ocean in 1789. In 1793 he crossed the continent by land and reached the Pacific.

Belleau Wood II (LHA-3) - United States Navy
Oct 08, 2016 · 27 Mar-24 Oct 2004: Deployed with an Expeditionary Strike Group (ESG) to the Western Pacific and Indian Ocean in support of the Global War on Terrorism (GWOT). Her deployment occurred a few weeks earlier than planned and demonstrated the flexibility of naval assets and the Fleet Response Plan (FRP), a plan whereby naval forces have been trained.

Chapter 4: Sea Level Rise and Implications for Low-Lying Temporal changes in land water storage, defined as all forms of water stored on land excluding land ice, contribute to observed changes in ocean mass and thus sea level on centennial time scales (Döll et al., 2016 225; Reager et al., 2016 226; Hamlington et al., 2017 227; Wada et al., 2017 228). They are caused by both

Division of State Parks | Archaeology & History
Archaeological evidence shows that people probably arrived in Hawai‘i between 800 and 1000 A.D. Similarities between languages, fishing, ornaments, and other artifacts indicate that Hawaiians came from the Marquesas or another East Polynesian Island group. Oral histories speak of people sailing from Kahiki (usually understood to be Tahiti).
